A Real Industry Making a Real Product---NUKOL

MACHINES of many sizes and types fill the Toronto Nukol Factory. A few of the principal machines are shown in these drawings. An efficiency expert is in charge of the plant to make every machine pay a profit. Outside the factory mountain-like heaps of coal are waiting to be turned into Dividends.

CARLOADS of NUKOL have been shipped to various parts of the Province. Results have been most satisfactory. For example, Kitchener received a carload of NUKOL, and in a short time wired back, "and on a Train Load!" Nukol is delivering the goods. Get Nukol shares—NOW, they are low-priced.

**SALES AND DEMONSTRATION OFFICE
67 JOHN STREET S.**

Twin measuring hopper on second floor of Toronto Nukol Factory

**NUKOL
SHARES
WILL RISE TO
\$2 EACH
AFTER MARCH 1st**

By acting before March 1st, you can secure Nukol at \$1.25 per share. Only a few shares of the first issue at \$1.25 remain unsold. They are going fast. The allotments available at two of our offices have been sold out. But we have some shares left at some of the offices. If the office near you is sold out, try another office, or phone headquarters. To be sure of your stock at \$1.25—phone, call or mail the coupon today.

Financial Underwriters, Limited

Mail me, without cost or obligation, your illustrated booklet, describing the complete process of making Nukol and its shares.

SCHOOL SYSTEM SURVEY OFFER IS REJECTED

Ontario Government Gives Final Reply to Massey Foundation.

ITS REASONS

Statements in Explanation By the Various Factions.

Toronto, Feb. 27.—The Ontario Government will not sanction an educational survey by a commission of educationists and others as proposed by Vincent Massey on behalf of the Massey Foundation. Clear intimation to that effect was given by Hon. Mr. Grant to Mr. Massey and the gentlemen associated with him at a lengthy conference with the members of the Government at the Parliament Buildings yesterday. At a conclusion of the conference statements were issued by Hon. Mr. Drury and the committee representing the Massey Foundation, attached a letter from Hon. Mr. Grant to Mr. Massey, which the objections to the proposal were set out.

The Minister's letter is dated Feb. 26, but last night, after the conference, he stated that he still held to the position taken in that letter. The matter was definitely at an end.

The Prime Minister said that as statements made to him, Mr. Grant and himself as well as the Massey Foundation had been made, he desired to give the facts to the public.

MR. DRURY'S STATEMENT.
On January 1st, Mr. W. L. Grant and Mr. Vincent Massey interviewed

the Minister of Education and myself and made an informal proposal that the Government should give its sanction to a survey of the educational system of the Province by a commission financed by the Massey Foundation. To this proposal the Minister of Education, with my consent, gave a tentative consent and it was proposed by Mr. Massey that he should submit to us, also tentatively, a list of those who would be asked to act on the commission. Subsequently the Minister of Education told me that he saw some difficulties in the way, and that from his point of view it seemed inadvisable to go on with the work. Since the matter came under the discussion I instructed him to write Mr. Massey and express his views on the matter.

In the meantime Massey had approached those whose names he had wished to submit to the Government for approval, and in view of this position having been taken he asked for a further interview with the Government.

"This interview took place on the 10th February, at its conclusion it was understood that the matter should be left in abeyance for further consideration."

"On the 14th February, Mr. Massey in a letter sent me, copy of which was sent to the Minister of Education, submitted in formal terms a proposal for the survey and the names of those who had previously accepted. With this the matter was left with the Government which had no intention of making any announcement until the question had been carefully considered and decided upon by the Cabinet."

SURVEY NOT APPROVED.
Hon. Mr. Grant's letter to Mr. Massey follows:

"Since we discussed the question of a survey of the schools, I have conferred with Mr. Drury on the subject, and he has requested me to write you about it."

"As you know, the Government is most anxious to avail itself of all the information and suggestions which may lead to improvement of the educational system, and appreciates offers of assistance from private quarters very much. I have, therefore, given considerable thought to your proposal of an educational survey by the Massey Foundation, and have weighed the arguments for and against the plan solely from the standpoint of what is best to be done."

"The schools of our province are supported by people of different views and religious opinions and the duty of oversight and general direction which is entrusted to the Minister is expected to be carried out in such a manner as will be acceptable to all the elements of our population. A private enquiry such as is suggested could be successful and there is only if it included all the schools and were undertaken by the authority of the Government. If the department were to commit itself to an independent organization, however well-meaning and public-spirited, I know that some persons would feel that an attempt was being made to evade an obligation which has been placed upon the Government and its officers. Nor do I think such a feeling would be unreasonable. At any rate, we cannot afford to run any risk."

"A large part of the actual information which a survey would secure is already available for my colleagues and myself, and even is being sought. In a short time I expect to have adequate knowledge of all phases of the educational system. We propose also consulting the inspectors who are familiar with local conditions and are in every part of the Province. With a reasonable time we shall be in possession of all the information required as a basis for the proposals which the Legislature will be asked to approve. For these reasons it does not seem to me that an enquiry by the Massey Foundation should be sanctioned by the Government."

"Yours very truly,
W. L. GRANT,
Minister of Education."

THE FOUNDATION PROPOSAL.
The statement of the committee was as follows:

"The purpose of the survey is quite unimpeachable by the use of the word 'survey.' The idea of the Massey Foundation is to have members of the committee who consented to act, was that a service might be done to the cause of education, the most important of the responsibilities of the Provincial Government by a general stock-taking of our educational system, and an inquiry into the best educational methods in vogue here and in Canada and in other countries."

"The idea behind the selection of the members of the committee was that, in the hands of the committee, the survey should be carried out in a manner that would be acceptable to all the elements of our population."

"The survey should be carried out in a manner that would be acceptable to all the elements of our population."

"The survey should be carried out in a manner that would be acceptable to all the elements of our population."

CLOTHIERS PRESS FOR MORE PROFIT

Board of Commerce Hears Appeal for Higher Percentages.

THE OFFICERS

J. C. Begg On Advisory Board of the Retailers.

Toronto, Feb. 27.—In the hope of impressing upon the Board of Commerce their views that the percentage of profit allowed on the sale of men's clothing is not high enough, a deputation from the delegates to the Ontario Clothiers' Convention waited upon Major Lewis Johnston yesterday afternoon, and outlined their case before the board's representative. A number of requests were passed before Major Johnston, and though he was not in a position to make any definite statement regarding their suggestions, he promised to bring the matter to the attention of the Board of Commerce, to see if any changes could be made in the present regulations. As an amendment to the regulations, the Clothiers' Committee suggested that all gross profits up to 25-35 per cent. should be exempted from Government control, this to take the place of the present order, which allows a 25 per cent. profit on suits and overcoats, selling under \$25, and 35 per cent. on suits selling for \$25 or over. They also asked the privilege of averaging up prices on certain lines of goods. Mr. T. A. Sharpe of Midland, explained that averaging up profits would be an effective means of defeating would-be

profiters, as when a certain grade of clothing advanced in price they would be prevented from marking up old stock to the current prices. The question of the board's order also came up in the evening, during the banquet held at the King Edward Hotel, when Mr. Stewart McClelland, of Ottawa, stated that the board had made a mistake in starting their orders on the retail end of the clothing trade. He thought they should have started with the producers, and have limited profits from the ground up. In that way, all would have received the same treatment. The clothiers, he added, do not object to an investigation, as he felt they were one of the most honest bodies of men in the province, but they did feel that they were being hampered in their business, owing to the limited profit. To show that there is no profiteering in his own company in Ottawa, he stated that during the past few years their net profits have averaged four per cent. He believed the best the board of Commerce could do would be to grant them the 25-35 per cent. profit, as that is the percentage fixed in Great Britain in the Old Country, it is revealed by not passing more attention than the old prices have been permitted to stand. Mr. McClelland's speech drew a large number of applause.

The bulk of the evening at the King Edward was taken up with a re-enactment of the famous "Auntie" scene, when Mr. W. L. Grant, of Toronto, and Fred Stewart, of Montreal, gave the toast to King and Country, and Mr. Begg, President-elect, gave the toast to the press. In the course of brief remarks, Mr. Begg paid a tribute to the advertising value of the daily newspapers. He stated that all of his advertising expenses, he had found that everything else in the way of advertising is but a side issue to the advertising in the daily papers. Personally, he had come to the conclusion that the newspaper is the most valuable asset in his business. The toast, which was responded to by Mr. George Stronach, who, from

has interest in advertising, appreciated Mr. Begg's very point. An interesting feature of the evening was the presentation of a gold watch to Mr. J. C. Begg, President of the Ontario Clothiers' Association, for his services to the industry during the coming year. The watch was presented by Mr. J. C. Begg, President of the Ontario Clothiers' Association, for his services to the industry during the coming year. The watch was presented by Mr. J. C. Begg, President of the Ontario Clothiers' Association, for his services to the industry during the coming year.

ITALY STILL STANDS FIRM

Paris, Feb. 26.—The attitude of the Italian Government will remain unchanged by President Wilson's new attitude. "A million Wilson votes cannot alter Italy's policy," claims Let Wilson divides the Italian "No" men, Premier Nitti is quoted as saying.

COUNTRIES WARY IN MICHIGAN.
Lansing, Mich., Feb. 26.—That country churches are not only failing to grow but are disappearing at the rate of eleven per cent., and that the old-fashioned revival, apparently, has lost its power and is no longer effective as a method of increasing membership, were among revelations brought out at Michigan State session of Inter-church World Movement held here to-day.

"So, Miss Jones is angry with her doctor. Why is that?" he remarked. "That he would soon have looked her old self again."

The woman who accomplishes half the things she intends to do strikes a pretty fair average.

SPECIAL! SPECIAL!

Annual Sale of Slightly Used Pianos

We have a large stock of slightly used instruments which are clearing at prices unheard of and within the reach of all.

Sale Continuing for Three Days

THURSDAY--FRIDAY--SATURDAY
OPEN EVENINGS

CITIES DEMAND REVENUE FROM POLICE COURT

They Have to Pay the Cost of the Upkeep of Justice.

HOUSING REPORT

Controllers Are Dissatisfied With the Reply of the Commission.

The matter of police court fees being retained by the city to meet the expenses of the administration of justice in the local court, was strongly endorsed by the Board of Control yesterday. A letter was read from the town of Lister asking the support of Hamilton in appealing to the Legislature for a change in the present statutes which will allow towns and cities bearing their own expenses in connection with police courts, to retain all fines collected locally.

City Clerk Kent added to the Lindsay letter the statement that Hamilton's expenses last year for the upkeep of the court were \$12,000. The magistrate amounted to \$21,000, while fines collected were \$30,000. If the Government exercised its present rights the cities would have to be handed over to it. It will be the duty of the Legislature at this session of the Legislature to allow the city to retain its fines.

A motion picture of the afternoon and a play followed in the evening. The play was a comedy, and was very successful. The audience was large, and the performance was well received.

The township stated that since City Controller J. J. Campbell, of the township, had been appointed, it was necessary to have the matter referred to the township board.

The township board of trustees, consisting of J. J. Campbell, J. J. Campbell, and J. J. Campbell, met yesterday afternoon and discussed the matter.

BASKETBALL
BOWLINGHOCKEY
CURLINGSecretary Chilman Has
Received No Word From
Queen's Regarding GameStill After Collingwood and Welland-Tigers
Out Last Night—Hockey Gossip

Secretary Chilman has heard no word from Queen's regarding an exhibition game with the Tigers here on Tuesday night next, but the bustling Douglas is not allowing any grass to grow under his feet as he has been out to Collingwood and Welland, and in case the Stagers are unable to play here on last day, a strong effort will be made to get one of the three teams mentioned. Collingwood played their first home and home game with St. Catharines last night, and in all probability the return game will be played in Collingwood on Tuesday night next, as the intermediate champions might be induced to play here on the day following. Welland is playing in Pittsburgh over the week end but will be home in plenty of time to fill an engagement here.

Contrary to reports Tigers were out practicing at the Arena, with Coach Harry Chilman in charge, and for one day the boys were out on the ice. Another practice will be held the end of this week.

Tigers can have an exhibition game with Peterboro Intermediates on Tuesday night, but the Peters want the Tigers to go there and play on Friday night. The Tigers do not favor the idea in the least.

Ottawa, Feb. 26.—The Hamilton hockey team of the City of Hamilton and the Wanderers to-night by 5 to 1 and thus qualified to represent Ottawa in tomorrow's hockey. The Wanderers defeated the Wanderers on the road by a score of 6 to 1. Multitudes expect to see the game with a point of one goal and though Wanderers led it up early in the first period, Hamilton came back with a well earned goal and it was 1-1 at the end of the first. In the second Multitudes added two goals and in the third they got another one, the Wanderer defense weakened.

Multitudes will meet the winners of the Brockville-Pembroke game tomorrow and Wednesday nights, and the winners will go to Montreal on Friday night to play in the Allan Cup elimination series. Harry Purford scored to-night, making his second goal. The Wanderers had a win, and there was only one penalty, which went to Tommy O'Neill of the Wanderers. The largest crowd that has witnessed an amateur hockey game in Ottawa this winter thronged into the Arena for the match.

Montreal, Feb. 26.—At a meeting of the registration and exchange committee.

Dog Derby is
Called OffFlu Causes Postponement of Big Event
in Gold Country

Timmins, Feb. 26.—Influenza has made its appearance here in the old country. It was reported that it is from the epidemic would be postponed, but it is now reported that a general headache that the Postponement Dog Derby has been postponed.

The race for dog teams was to have been run on Saturday, but has been postponed on account of influenza and the condition of the trails has made a postponement advisable. The race will not be run until March 13th. The (Flu) Department was consulted by the management of the event and they agreed that a delay of two weeks at least would assist in combating the flu.

Two More Said
to be Slated
For RetirementChase and Zimmerman
May be Let Out
by Majors

New York, Feb. 26.—Hill Chase, first baseman, and Herman Zimmerman, third baseman of the Giants, were reported to be slated for retirement from the major league in New York. It was reported that the two players are to be asked to join the minor league club, the New York Yankees, who have taken over the team last year, and that none of the clubs in either the American or National leagues would want them.

Chase was suspended last fall because of a charge of having been involved in a fight with a woman. Zimmerman was suspended last fall because of a charge of having been involved in a fight with a woman.

Philadelphia, Pa., Feb. 27.—Miss Gertrude A. Smith, of the Meadowbrook Athletic Association, won the 100-yard relay race for women here last night. She covered the course in 28.5 seconds.

Miss Elizabeth Becker, of the Philadelphia Turners, won the 100-yard relay race for women here last night. She covered the course in 28.5 seconds.

tee of the Quebec branch of the Canadian Amateur Hockey Association to-day, I've drawn for the elimination competition, from which a champion from the Quebec branch for the Allan Cup will be chosen, was made. First game is Tuesday night, when the Sons of Ireland champions of the Quebec Amateur Hockey Association, will play against the winners of the March 5th game. The next game will be played on March 5th, when the winners of the Ottawa district will play Tuesday night's winners. On Monday, March 3, the champions of the Ontario Hockey League will play the winners of the Friday 1st game.

Winnipeg, Feb. 26.—Outdistancing last night's game, the Falcons, champions of the Manitoba League, defeated the Winnipeggers, champions of the Winnipeg League, 5 to 0, here to-night in the first game of two to decide the Manitoba championship and the right to figure in the Allan Cup elimination series.

Toronto Telegram—Kitchener or Hamilton? That is the question uppermost in the minds of the hockey fans here. The Kitchener team haven't won their group as yet in "Bill" Hetherington's league. The Hamilton team, who were supposed to be strong for Kitchener to beat the Tigers if the teams meet. The Kitchener team, who were supposed to be strong for Kitchener to beat the Tigers if the teams meet. The Kitchener team, who were supposed to be strong for Kitchener to beat the Tigers if the teams meet.

Sporting Comment

Since Tommy McCarthy joined the professional ranks he has been playing grand hockey, so good in fact that the officials of the Toronto pro. club are beginning to realize their mistake in not signing him up when they had the opportunity. It is common gossip in the Queen City now that Thomas would have been far more valuable to St. Pats. than "Mickey" Roach, whose style of play does not seem to fit in properly with the paid artists.

Young McMullen, of the Oberoners stable, will fight on the same card with Bobby Eber in Detroit on the 13th of next month. Manager Oberoners received word from there yesterday to bring "Mac" along. His opponent has not been named yet.

The race for the hunting in the city hockey league is creating much interest right now. There are four teams battling for the lead in the second section and on Monday night two of them will be eliminated.

Ritchie-Mitchell Scored
Technical Knockout Over
Edwards of AustraliaBattler Who Wanted to Meet Leonard Down in
Seventh Round—Latest Gossip

(Canadian Press Wire.)
Milwaukee, Wis., Feb. 27.—Ritchie-Mitchell, last night scored a technical knockout over Ed Edwards, lightweight champion boxer of Australia, in the seventh round of a ten-round bout contested at the New York Athletic Club.

(Canadian Press Wire.)
Montgomery, Ala., Feb. 27.—Edwards, the Greek champion, next Tuesday night in Madison Square Garden, will be a new contender for the \$1,500 a week on the train on his way here.

(Canadian Press Wire.)
New York, Feb. 27.—Sporting writer says that Johnny Kilbane, featherweight champion, has lost his touch. The feat was easily done, he said, during his match with Benny Valzer in Jersey City on Wednesday night.

(Canadian Press Wire.)
The Prospects, of Buffalo, last night, he admitted participation in this game and has left Collingwood.

Three Games in
City League on
Monday NightGetting Down to Finals
in Local Hockey
League

Three tie games will be played off in the City Hockey League next Monday night, at the arena. The teams will have three games played each night, to decide all the games which have been played in both the first and second sections of the league. After that the winners of one section will meet the winners of the other section and then there will be the final playoff to decide the champion.

St. Pat's will cross sticks with Sawyer-McCarty in the first game. Both teams are ready for a fight at 7:30. The teams who have been in the last game each night have been complaining that it is midnight before they get home. The game will be a very even one and it should be a good one as the teams are very evenly matched and also tied for first place in one section of the league.

The third game is scheduled between Harveters and Anzures. The Harveters have a strong team but Harveters are strengthening their team and several new players should be on their line-up. Westcott and Alers will play the junior fixture, starting at 8:30.

Relay Races Scheduled
For Indoor Meet Should
Prove Exciting EventsHamilton Has Good Material to Pick From for
One-Mile Open Relay—twenty-Five Teams
in School Boys' Relay

There are four big relay races on the programme for the Indoor Meet in the Armories on March 11th, which are causing all kinds of interest. In the mile open relay, there will be at least four teams entered, one each from Toronto West End Y. M. C. A., Central Y. M. C. A., Varsity, and one to represent Hamilton. The Toronto teams, as a rule, put in the most boys in this race, so we have to go back to 1917 for a Hamilton victory, when a team composed of Ralph Bours, Cal. O'Leary, Art Lamberton, and Bob Kerr, won the Canadian championship at Varsity Oval in this event, defeating the pick of Canada. We have at present a very likely looking quartet in our midst, and with such men as O'Leary, Johnston, Charlie Watson, and his two brothers, Elliott and Wesley, Elliott being a very fast runner, one or two others, there is no doubt that what Hamilton can pick a quartet that will make the boys of the States City extend themselves.

The school boys' relay will have about 25 teams, and will be a very exciting race, with 4 or 5 teams to a heat, the winning team of each heat qualifying for the final.

The Intercollegiate Relay will likely have teams from the Colleges. Hamilton, however, has a few boys who will be one of the most interesting events on the programme.

There is a relay on the programme for the final, just imagine the excitement when 200 boys get out on the floor, there no doubt will be a big crowd of parents, and friends, to see the boys perform.

The Freeman, Street, Railways, and Letter Carriers are also going to have a battle royal. "Dinky" Benson and his assistants are also going to have a battle royal.
